

GLOUCESTER DIABETES UK GROUP

Is your local Gloucester
Diabetes support group

We were formed in Nov 2008 as the Glevum Voluntary Group and renamed to our current name in August 2014. We are one of over 300 local voluntary groups giving non medical support to those with diabetes and those caring for people with the condition. Everyone who has an interest in finding out more about diabetes is welcome.

Also we take part in various fund raising activities to help support national & local diabetes causes.

COME AND JOIN
US, YOU WILL BE
VERY WELCOME

MEETINGS

We meet every two months in Feb, Apr, Jun, Aug, Oct & Dec, where we have guest speakers giving interesting and informative talks covering a range of topics both medical and non-medical.

We also hold various social events throughout the year. Enjoy a cup of tea or coffee and make new friends.

We know what it is like to live with Diabetes or someone who has diabetes. There is always an opportunity to talk with one another, share experiences and give support.

However, having diabetes does not stop you getting on with your life and aspirations, ask any of these:

Teresa May - Prime Minister - Type 1

Sir Steve Redgrave CBE - Olympic rower (6 Gold medals) - Type 2

Dominic Littlewood - TV presenter - Type 1

Chris Pennell - Worcestershire & England rugby player. - Type 1

Brian Cox - Shakespearian & Hollywood actor - Type 2

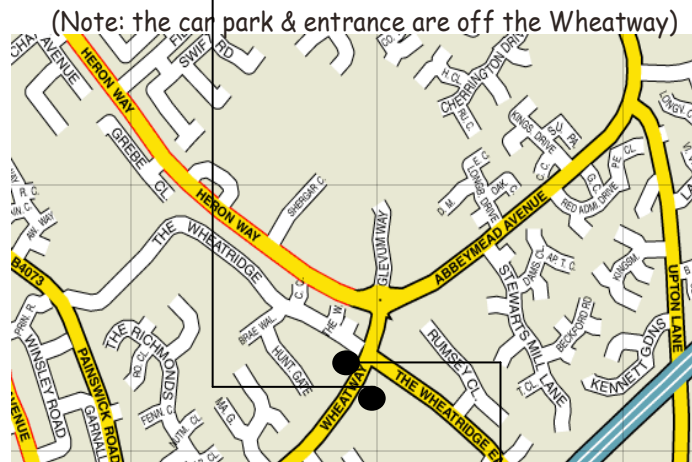

Make friends and have fun with other people who have Diabetes and with their families and carers.

WHEN?

We normally meet on the second Wednesday of Feb, Apr, Jun, Aug, Oct & Dec, at 7.30pm. (Check website to confirm actual dates. In particular for April as date can vary depending upon Easter)

WHERE?

**Christ Church
Heron Way
Abbeydale

(Just across the road from Morrison's Supermarket)

DIABETES UK

Is the largest organisation in the United Kingdom that is dedicated to helping people with Diabetes, their carers, family and friends.

WHAT IS DIABETES?

Diabetes is a common life-long health condition. There are 3 million people diagnosed with diabetes in the UK and an estimated 850,000 people who have the condition, but don't know it.

Diabetes develops when glucose can't enter the body's cells to be used as fuel. This happens because either...
